Richard B. Lewsen  
Chief of Police  
Lt. David DeGruchy  
Executive Officer

Press Release  
12/15/14

At the onset of the school day this morning two different RSU 14 school officials found in their work e-mails, an e-mail of a threatening nature towards the school system. The emails were not identical and were sent from two different sources.

School and law enforcement officials met and it was decided that students would be sent home for the day, to ensure their safety. The Windham Police, with the help of the Maine Computer Crimes Task Force, initiated an investigation to attempt to determine the source of the e-mails. That investigation is ongoing at this time, and no additional information will be released until that investigation is concluded.

Lt. Jim Boudreau
