

## Go Green for Technology

**Wait...what are you doing with that old cell phone?**

**We can turn those old technology devices into NEW technology dollars!**

**Help us start spreading the word...**

**If you know of anyone thinking to replace their cell-phone and accessories, please save them for us.**

Q. What is "Go Green for Technology"?

A. It is a newly developed program at the Windham Primary School.

Q. What is the purpose?

A. First is to educate students and the community about the importance of reducing, reusing and recycling. Second, is to raise money. Activities will promote caring for our environment. The money raised will be used to purchase technology to enhance classroom learning.

Q. How can I help?

A. There are several possible ways.

- Send in empty inkjet, laser, fax, copier cartridges, cell phones, laptops, PDAs, GPS systems, iPods, and digital cameras. We will receive money for these. ***Students should bring these items to their classroom teacher.***
- Talk with businesses you know to become part of our fund raising effort. (They can contact: Mrs. Pelletier at 892-1840 or [apelletier@windham.k12.me.us](mailto:apelletier@windham.k12.me.us) )
- Make a donation in honor of a person to the "Go Green for Technology" fund.

Q. Where can I get more information?

A. Contact Dr. Kyle Rhoads, principal of the Windham Primary School at 892-1840

**More information will be made available on the Windham web site and through Eagle News soon.**
